RE: Title III Mini-Grant

I appreciate the opportunity to complete my dissertation, which was a true experimental design, with the assistance of the funds. I was awarded \$600.00. The money was spent on two ink print cartridges, box of printer paper and \$200.00 to the statistician. Without the statistician's assistance, the writing of the final two chapters of the dissertation would have been very difficult. This was an arduous experience with no financial support except the \$600.00. However, I have received support from administration which I am grateful. My goal has been obtained. I have graduated with a DNS from Louisiana State University Health Science Center in New Orleans.

My appointment to discuss this with you is October 1, 2007. I am looking forward to meeting with you.
